Enclosures.

15th July 1920.

M Dear Sir,

I have to inform you that the Steel S.S. "DALMORE", built by Messrs. John Cran & Somerville Ltd. at Leith, has been dismantled for shipment to Singapore, where she will be re-erected and completed.

In addition to testing the decks etc. on completion, the hand pumps also require to be tested.

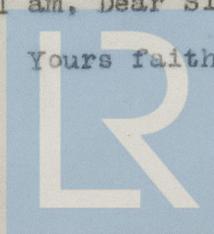

I shall be glad if you will give the case the necessary attention, and forward a report on Form 8 when the work has been completed to your satisfaction, with a view to the classification of the vessel.

A copy of ~~the First Entry Report~~ forwarded by the Leith Surveyors is sent herewith for your information and guidance, together with copies of the approved plans of the vessel.

I am, Dear Sir,

Yours faithfully,

W.D. Bisset Esq.,  
SINGAPORE.
