10th June, 1959.

Dear Sirs,

M.S. "RYAD"

With reference to the Donkey Boiler Survey, which became due at the end of December last, Lloyd's Agents at Jeddah have forwarded a letter from the Owners, in which they state that the Donkey Boiler Survey was carried out at your port in January/February.

This would not appear to be the case from your Report No. 23981 and, in the circumstances, I shall be glad to learn what early arrangements are proposed to be made for the inspection in question to be carried out.

The Owners at Jeddah have requested that in future enquiries regarding this case should be made through their Office at Genoa.

I think it well to refer to my letter of the 21st January regarding the Port Screwshaft Survey.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GENOA.
