The Special Survey No. 2 which became due on this vessel in August 1927, was partly held at Kobe in that month, and a proposal to complete this inspection in July 1928 was agreed to by the Classing Committee in September 1927.

In reply to inquiry, the Society's Kobe Surveyors now state that the Owners have decided to transfer the vessel's classification to the British Corporation and the Teikoku Kaiji Kyokai.

The year of grace expired at the end of August last, and in the circumstances, the Classing Committee, who had the case again before them on Tuesday, the 27th instant, decided to give instructions for the vessel's class to be expunged from the Register Book with a red line (11,28), indicating non-compliance with the Society's Rules.
