 "KAMAREH" ex "KARKUNAN"

I am in receipt of your letter of the 16th inst. regarding the above named barges. The Owners are now considering removing the tanks and converting the barges for the carriage of petroleum in bulk, in due course they hope to submit new plans for approval. In the meantime I think assistance could be given to the Owners if your requirements for classification could be forwarded to this office.

"KILOOYEH" is now in dry dock, but the Owners do not intend to start the survey for re-classification at this time. "KAMAREH" has been examined in dry dock at the request of the Owners and it is intended to issue a report of our findings on Report 10 at an early date.
