The above named "K" Class barges originally built for the carriage of general cargo, have been altered to carry petroleum in bulk. The present Owners, The Iranian Oil Refining Co. of Abadan, now require to ~~be~~ re-class these two barges for carrying petroleum in bulk.

We enclose the following plans for your approval  
Detail of Pump and Engine.  
Midship Section.  
Plan of Barge with tanks fitted.  
Plan of Cargo Tank Piping.

We will be glad if you will return these plans to this office together with details of your requirements at your earliest convenience, as it is expected that these barges will be ready for survey at an early date.
