Dear Sir,

I have for acknowledgement your letter of the 22nd instant under this heading.

I am pleased to confirm that in both cases all items of Annual Survey were examined as part of the Special Surveys. In this connection I should perhaps have advised London that it is the Owners' desire to renew the Load Line Certificates upon completion of the Special Surveys.

In both cases the "Tween Decks and hand pumps were examined, and I agree that to complete the Special Surveys only examination and testing of the Nos.2 and 3 Double Bottoms remain to be done.

Yours faithfully,

(Signed)
