s.s. 'HONG TAT' Ex. 'EMPIRE MAYMEAD'

This ship is classed BS\* (with Freeboard, African Coasting Service).

A Report No. 7871A on a SPECIAL SURVEY Type 1 carried out Sng. 7.49 has been received.

It would appear from the Surveyor's recommendation (and the port of Survey) that the service limits of this ship have been changed from "African Coasting Service" to "East ~~African~~ <sup>INDIAN</sup> Archipelago Service".

As there is no record at this Office of any application for a change in the service, IT IS SUBMITTED before the case receives the consideration of the COMMITTEE, the Surveyors at Blythwood Square be informed of the above, and requested to state whether this amendment was approved in Glasgow, and if not, to state whether the ship is in fact suitable for the new service; also to furnish full particulars of the approved anchor and cable equipment.
