W. E. Swinburne.

the Overseas Transport Service, attend on board the S. S.
"PORSANGHER" 4363 gross tons of Montreal, on June 24th, 29th,
& 30th, while lying at Windmill Point, for the purpose of
testing the Nos. 1, 2, 3, 6, 7, & 8, double bottom tanks.

These tanks were found to be or made in good
and tight condition, and in my opinion are suitable for the
carriage of Admiralty fuel oil.

Fee \$50.00

Sun. fee & Expenses \$10.50
