This vessel, which became due for Annual Boiler Survey in September last, has recently been sold to Japanese Owners, who have informed the Society's Surveyors at Kobe that it is not their desire to maintain her in the Society's Classification.

In the circumstances, the Classing Committee, who had the case before them on Friday, 19th instant, decided to give instructions for the vessel's character to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
