SURVEYORS:
S. ROWNTREE
T. BROWN.
BARTLETT.

S. MANTELLI,
Surveyor, for Steel Testing.

Dear Sir,

We beg to submit herewith for the consideration of the Committee a plan of a boiler which has been built by Messrs: Ansaldo Ltd: and purchased by Messrs: Martinolich of Lussinpiccolo, with the intention of fitting in a vessel building to class.

Provided certificates of the tests of material are supplied, the boiler on examination be found in a satisfactory condition, and satisfactorily withstand the hydraulic test prescribed by the rules, this proposal may in our opinion receive the favorable consideration of the Committee. The working pressure to be 13 kg. per cmq.

We are, Dear Sir,

Yours faithfully,

M. Man.

The Secretary,
London.
