*W. Adm 24/2*

Sir,

I am in receipt of your letter of the 13th instant, together with the enclosed copy of a letter dated the 10th instant received from the Director of Contracts respecting the Generator of the Castle type Trawler "JAMES LAVENNY", and reply thereto regarding the Gas Generator having only one large box instead of two, I have to inform you that this was inadvertently overlooked by me, in a measure due to its being fitted in the Engine Room, and the machinery being installed under the supervision of the British Corporation Surveyor.

I have interviewed the builders of the vessel on the matter, and they state that they are quite prepared if necessary to make the required alteration.

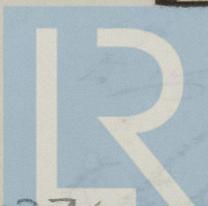

Enclosed herewith is a letter received from the builders on the subject.

I am, Dear Sir,

Yours faithfully,

*A. E. Salmeron*

Secretary,
