

The British Corporation for the Survey and Registry of Shipping.  
Port of GLASGOW,

12th November, 1919.

THIS IS TO CERTIFY that the Engine No.B.46 made by Messrs Fraser & Chalmers, Erith, and Boiler No.B.53 made by Messrs Palmers Shipbuilding & Iron Co. Ltd., have been surveyed by the Surveyors to this Society during construction and installation on board the S.S. "JAMES LAVENNY", built by Messrs John Chambers Ltd., Lowestoft, and that the material and workmanship are good and in accordance with the requirements of the British Corporation Registry.

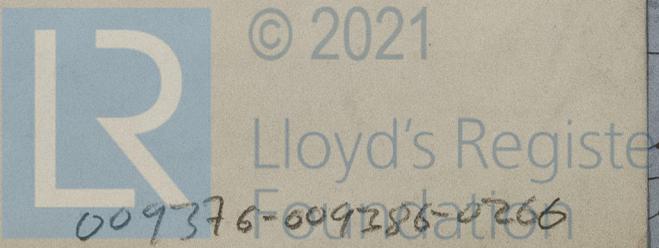

The whole of the work covered by the Specification has been satisfactorily completed and the machinery successfully tested under steam.
