

LLOYD'S REGISTER OF SHIPPING,
89 STATE STREET,

BOSTON.

September 19, 1919

Sir,

With reference to Boston report 1189 on S. S. "RIFOGENUS", enclosed herewith, I think it well to state that the safety valves are not provided with easing gear at present.

The owners state, however, that easing gear will be fitted as soon as possible, and have given orders accordingly.

It is, therefore, respectfully submitted that the vessel's machinery might be classed, subject to this being done.

I am, Sir,

Your obedient servant,

John S. Heck

Secretary,

London, England.
