The Annual Boiler Survey of this trawler became due in August last, but the Owner has informed the Society's Surveyors at Grimsby that, with a view to bringing the vessel into line with the rest of his fleet, he has decided to withdraw her from the Society's Classification.

The case received the consideration of the Classing Committee on Friday, 18th instant, when it was decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owner's request.
