Issued 9th for towing service Owners California Arabian Standard Oil Co. Ltd.
in the Persian Gulf 7.30

Oil Eng.

Lme 7.38.

Port of Registry Ae Khobar.

Bronze shaft.

Survey Due Modified Survey of Oil Engines due July, 1940.

In December last the Owners suggested that owing to the difficulty of sending a Surveyor to see the vessel, the above inspection might be carried out by their own staff.

The New York Surveyors were informed of this proposal and were requested to point out to the Owners that such an arrangement could not be agreed to, but that the Committee would be prepared to agree to the survey being carried out by a Surveyor appointed by Lloyd's Agents.

The New York Surveyors now write that the Owners have given their instructions for the necessary arrangements to be made for the survey to be carried out by a Surveyor appointed by Lloyd's Agents at Bahrain.

Submitted action be deferred.
