VESSEL'S NAME St. Steam Trawler "Ethel"

Rpt. Hull No. 19674

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

of Survey

First entry

It is submitted that before this case receives the consideration of the Committee the Dundee Surveyors should be informed that this vessel has sustained damage through collision and has proceeded to their port from Goole for the purpose of undergoing repairs. They should therefore be requested to give the case the necessary attention, and on completion of the repairs forward a report on the same on form No.8 for the information of the Committee in the usual manner.
