DISCLOSED SECTION No. 206

*[Handwritten signature]*

The First Special Survey No.2, which became due on this steamer in August last, has been partly held by the examination of the double bottom and fore and after peak tanks.

The vessel has recently been sold, and the new Owners have informed the Society's Surveyors at Kobe that they have decided to discontinue the classification in the Register Book.

In the circumstances the Classing Committee, who had the case before them on Friday, 20th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
