

2 - SEP 1924

S.S. "BRUTUS".  
-----

This vessel was built at Hull in 1906 and classed  
100A1 "Steam Trawler".

87988

In the Registro Italiano and the new Italian Official List  
the vessel is described as a Tug.

The Naples Surveyor recently stated in reply to enquiry  
he was informed by the Owners that the trawling gear had been  
removed and she was being used as a tug, and further that no  
important changes had been carried out on the vessel with the  
exception of two towing hooks which had been fitted to the  
after bulkhead of engine casing.

The Surveyor was written to on the 15th ultimo and asked  
to state whether it was the desire of the Owners that the  
class should be amended to 100A1 "For towing purposes", and  
a letter has now been received from the Owners stating that  
the Owners are agreeable to this class being assigned.

It is therefore submitted the class of the vessel  
should be amended from 100A1 "Steam Trawler" to 100A1 "For  
"towing purposes".
