Shm Trawler Loei ex Isa

Dear Sir,

We are in receipt of your letter of the
25th ultimo., and note contents.

At the same time, we beg to inform you
that a first class Surveyor examined this vessel
minutely, one whom we know to ~~be~~ thoroughly
understand trawlers, and it was on his recommendation
this vessel was purchased; this after he had seen
the vessel drydocked.

To have carried out your wishes at the time,
would have caused us a great deal of expence, as the
vessel was stored ready for sea, and to have had to
do what you stated was necessary to complete the
survey, appeared to us and other classified men at
the time, as ridiculous.

We would ask why this vessel was allowed to
run in class, so long over your recognised time, when
so much in detail required doing, and further,
immediately she came into England, why were such
drastic measures taken against her?

Yours Faithfully,
P.P.The Cevic S.F.Co.Ltd.,

Chas H Friswell

...and as we have seen the balance sheet of
the company is in a very satisfactory position
and the directors have been very successful
in their management of the company and
the shareholders have been very satisfied
with the results of their investment.
