Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

CLOSURE

14th April, 1919.

Dear Sirs,

I return herewith your First Entry Report
.12203 on the Ferro-Concrete Dumb Barge "CRETETREE" and
with regard thereto I have to point out to you that the
classification of this vessel should be A1 "For English Channel and
Coasting Service from Thames to Milford Haven", "Subject
Annual Survey", "Experimental", and I shall be glad if
you will make the necessary amendments accordingly.

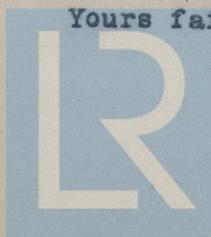

At the same time I shall be glad if you will
forward the approved plans for this vessel, and kindly state
whether the upper and bilge chines, the spacing of the beams,
and the thickness of the bottom slab are as approved and if
there is a bridge deck fitted the length of the same. You
should also state whether the test result of the concrete at
twenty-eight days is correctly given on the report, and if so
whether this has been approved.

I am, Dear Sirs,

Yours faithfully,

Surveyors,

ABERDEEN.
