Survey Due Special Survey No. 2 due May, 1927.
Boiler Survey due July, 1927.

In July the Committee agreed to the above surveys being held in August.

The Lisbon Surveyors now state that owing to the impossibility of obtaining a drydock at present the vessel has been sent on another voyage.

The Surveyors add that the Owners expect the vessel back in about a fortnight when the Boiler Survey will be held and the question of the Special Survey will be reconsidered.
