25th April, 1907.

Sir,

With reference to Glasgow first entry report No. 25119 on the machinery of the Steamer "STRATHGYLE" I have to acquaint you that I am in receipt of a letter from the Society's Surveyor at Bremerhaven in which it is stated that the vessel called at that port about a fortnight ago for a day or two but left for South America without having requested a survey and without as far as the Surveyor can ascertain having done any repairs.

In the circumstances I shall be glad if you will be good enough to ascertain from the Owners and let me know when and where the new tube plate for the condenser is likely to be fitted.

I am, Sir,

Your obedient Servant,

T. J. Dodd Esq.,

GLASGOW.

Secretary.
