LLOYD'S REGISTER.

LONDON 126. HIGASHI MACHI,

TELEGRAMS: "REGISTER, KOBE."

TELEPHONE: 2530 SANNOMIYA

A. L. JONES.

SHIP AND ENGINEER SURVEYOR

KOBE, 20th October, 1919.

The Secretary,

London,

Dear Sir,

*Amur Maru*

In reply to the inquiry on the classification letter of 29th August. I wish to say that in the ballast tank particulars the figures given in the second column are intended for the after peak tank and deep tank. The capacities of these and of the double bottom are as in the sister vessels with very slight differences. They are given as:-

	ft.	tons.		ft.	tons.
Double bottom aft	129.7	366.6	A.P.T.	19.25	84.5
do under E&B	52.2	117.0	DT.Aft	34.00	969.4
do forward	<u>188.5</u>	<u>711.</u>			
	370.4	1194.6			

I am, Dear Sir,

Yours faithfully,
