Dear Sirs;-

With our letter dated 28th January, last we forwarded the First Entry Reports concerning the above mentioned vessel. Our attention has been drawn to the numbers as given on the back of Report on Water Tube Boiler Rpt. 50 for the forward boiler i.e. No. 1162/16 please note this refers only to the drum; the boiler number is No. 6612 whilst the Surveyors initials are J.N. for the completed boiler test. *Amended 27/4/43*

For regularity we attach copy of B.C. Certificates relative to the boiler in question. Please inform London of this correction.

Yours very truly,

(Sgd) W. J. Bloomfield
