Vessel's Name,

S.S. "DR.GONDIM".

QUESTION.

I shall be glad to receive a reply to my enquiry dated the 12th July last relative to the survey of this vessel's screw shaft.

ANSWER.

Date:—

18th November 1927.

Admiral Fonseca Rodrigues, Director of the Naval Arsenal, informed me at a recent interview, that as this vessel is incorporated into the Brazilian Navy he regrets he cannot authorize the carrying out of the required survey, as before he could do this a special sanction would have to be obtained and the necessary credit voted by Congress to cover the expenditure etc. and as the continuation of the Class of the vessel is not required he agrees to the withdrawal of the same.
