LONDON

Reference

The Secretary,

London.

Dear Sir,

S.S. "KOJUN MARU"

Kobe Report 4538.

In reply to your classing letter dated the 3rd. October 1924 I regret the omission of certain details, which are as follows:-

- (1) Thickness of transverses in machinery space .46" as per approved plan.
- (2) Process of manufacture of steel, open hearth.
- (3) Thickness of foremast .40" at heel and partners to .34" at hounds.  
Thickness of mainmast .38" at heel and partners to .32" at hounds.

I am, Dear Sir,

Yours faithfully,

*L. Young*
