OWNERS:      The Manchester Ship Canal Company

These barges became due for Donkey Boiler Survey in July last, but the Owners now intimate that it is not their desire to maintain the classification of the vessels in the Society's Register Book.

In the circumstances the Classing Committee, who had the cases before them on Friday, 1st instant, decided to give instructions for the character of each vessel to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
