

# Lloyd's Register of Shipping,

342, Argyle Street, Glasgow.

26th January, 1922.

Dear Sir,

In reference to London letter dated 21st instant concerning Glasgow Report No. 41592 on the Steamer "MONTCALM", I have to say that this vessel is fitted with three rows of pillars.

The length of the fresh water tanks is 39'6 $\frac{1}{2}$ " and their capacity is 524 tons of fresh water.

I am, dear Sir,

Yours faithfully,

The Secretary,

GLASGOW.
