

FERRO-CONCRETE BARGES & TUGS

Several of these vessels built under the Society's Survey to the order of the Ministry of Shipping have been classed "For English Channel & Coasting service from Thames to Milford Haven".

On the 19th June, the General Committee decided that this classification might be extended to be as follows, viz,

"Coasting,
"U.K. (except West Coast Cork to Pentland Firth)
"and Continent (from Brest to Hamburg)".

A letter has now been received from the Ministry of Shipping returning the Classification Certificates for the

Ferro-Concrete Tug, "CRETEHAWSER", and
Barges, "CRETEGLASS"
"CRETETREE"
"CRETEHILL"
"CRETEROCK"

and requesting that new Certificates, with the amended class as agreed to by the General Committee, may be issued.

It is submitted that this request might be complied with.
