LLLOYD'S REGISTER,
LONDON.

REC'D 20 JUN 1923

ANS'D 70

Dear Sir,

"YURI MARU"

We wired Kobe to ascertain the name of your Surveyor who inspected &c., this S/S for classification and they answered Messrs R.C. Batchelor and that he is now in London and as we are anxious to see him we should be obliged if you would ask him to give us a call. We were about to apply to the Court for leave to send a commission to Kobe to take his evidence as it is essential we prove on behalf of the owners that the S/S was properly surveyed &c., and duly classed. As a rule the entries in your Register are sufficient to prove these facts but the other side will make no admissions and therefore same must be strictly proved. We should be obliged if you would give this matter immediate attention.

Yours faithfully,

C. D. L. S. M.
