The Secretary,

London,

Dear Sir,

In reply to the inquiry contained in the classification letter of 21st November regarding the kedge anchor of the steamer "YURI MARU" (Rpt.No.2616) I wish to say that the error occurs in the anchor certificate and that the correct weight is 10 cwt 0 qrs 27 lbs. Steps are being taken to recover the certificate which is on board the vessel as soon as this has been done an amended certificate shall be issued and a copy forwarded to London.

I am, Dear Sir,

Yours faithfully,

A. L. Jones

Dear Sir,
I am in receipt of your letter of the 27th inst. in relation to the proposed alteration of the certificate of fitness of the vessel "L. S. Hill" (No. 101) which is on order for delivery to the Messrs. Hill & Co. Ltd. The proposed alteration is to delete the words "L. S. Hill" and insert "L. S. Hill (No. 101)". I am sorry to hear that the vessel is to be altered in this manner. It is my duty to advise you that the certificate of fitness of the vessel is issued on the basis of the information furnished to me at the time of the survey. Any alteration of the certificate of fitness of the vessel without the consent of the Chief Ship Surveyor is illegal. I am, Sir, very respectfully,
Yours faithfully,
John R. ...
