above 150° F.

These vessels are employed as Lighthouse steamers, and in a letter, dated 18th June, addressed to the Society's Surveyors at Sydney, N.S.W., the Comptroller General of the Australian Government Department of Trade and Customs states that it has been decided to withdraw them from the Society's Classification.

In the circumstances the Classing Committee, who had the cases before them on Wednesday, 3rd instant, decided to give instructions for the character of each vessel to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

*J.H.*  
4th August, 1927.
