

Ship's Name: Hawaii Maru

Port of Registry  
and Nationality:  
Osaka

Official  
Number.

Gross  
Tonnage

Date of Birth

S/S. Hawaii Maru

It is submitted the Surveyor be requested to inform the Builders that as it appears from the plans that this vessel is intended for carrying passengers, and the bulkheads, other than the collision bulkhead are extended watertight to the upper deck only, the freeboards have been limited to Table C in accordance with the requirements of the Board of Trade.

If any smaller freeboard is required it should be pointed out that it will be necessary to extend the bulkheads watertight to the shelter deck, ~~the~~ the Surveyor should ascertain from the Builders the draught to which it is desired to load the vessel, and he should also be requested to forward full particulars regarding all scupper and sanitary discharges through the ships side below the upper deck
