

"NORSEMAN"

It is submitted the New York Office be advised that it appears that the above vessel has now been transferred to Finnish Owners. If the vessel is transferred to Finnish Registry they should therefore forward the Cll Report to this Office for freeboard assignment. If however, the vessel retains her Panama Registry, the New York Office will be in order in issuing a Certificate valid until 31st July, 1945. There is no copy of a Cll Report in this Office, freeboards having been previously assigned by the Danish Authorities. An extract of particulars from the Reprt 11b might however be sent to them for guidance.
