21st November, 1932.

Dear Sirs,

F. Reverting to your letter of the 5th and my reply of the 7th September last relative to the Danish motorship "SELANDIA", I have now to inform you a communication has been received from the Society's Surveyors at New York enclosing a verification of marking form Rpt. C.12(a) from the San Francisco Surveyors, who report that no alterations have been carried out and it would appear that the assigning Authorities were satisfied with the arrangements now existing on the ship.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

The Surveyors,  
COPENHAGEN.
