18th April, 1951

Dear Sir,

The Kobe Surveyors report that the "STANVAC WELLINGTON" was surveyed by them for extension of the Load Line Certificate on instructions from you, and add their reports, including a report 8, were forwarded to you in February last.

The Surveyors have been instructed that in future cases they should forward a duplicate copy of their freeboard report to this Office, but that the classification report should be sent to London for the consideration of the Committee.

In the circumstances, I shall be glad if you will arrange for the report 8 referred to by the Kobe Surveyors to be forwarded here as soon as possible.

Yours faithfully,

pro Secretary.

The Principal Surveyor,  
NEW YORK.

IWM.
