POSTPONED SURVEYS.

'STANVAC WELLINGTON'

Case of the.....

No. 74316 in Reg. Bk. tons, Built.....

Port of Registry.....

Survey Due {
 Special Survey due 10.50.
 All cargo tank bulkheads and internal fittings to be specially
 examined and dealt with by the Special Survey.
 Load Line Certificate expired 31.10.50.

In reply to enquiry the Owners have informed the Society's Principal Surveyor for the U.S.A. that the vessel is due for dry docking and annual repairs during late February or early March when the Special Survey will be carried out.

When this ship was surveyed in San Francisco in March last, considerable wastage was reported in the cargo tanks. It appears that repairs were carried out having in mind the Special Survey being held at the due date, and the Surveyor recommended accordingly.

In view of this, the Owners' proposal is SUBMITTED FOR THE CONSIDERATION OF THE COMMITTEE with the suggestion that any postponement of Special Survey should be conditional upon the Surveyor's concurrence.
