Lloyd's Register of Shipping

Port

NEW YORK

DECEMBER 28th, 1946

This is to Certify that I have

Surveyed the Boiler and Machinery of the S.S. "NADIOTIS" ex "NIKI"
240 tons gross register Syrae while afloat and in drydock
repairs,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
commendations made by me in connection therewith have
been carried out to my satisfaction, and that I have
recommended that the record of LMC with date when machinery
survey has been completed and to have record of tailshaft seen
2,46 now,
made in the Register Book in the case of this vessel.

A. W. COATES

Engineer Surveyor to Lloyd's Register.

State is issued upon the terms of the Rules and Regulations of the Society, which provide that:
Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
be understood that neither the Society nor any Member of any of its Committees is under any circumstances
held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in
Register Book or other publication of the Society, or for any error of judgment, default or negligence of
mittees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
