REPORT Gen. No. 117431a

For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR.

cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—(Extract from Sub-Committee's Report, 24/5/92.).

vey.....When due.....

The class is subject to indented shell plating in 'H', 'J' & 'K' strakes (p & s) being dealt with at the first convenient opportunity, to stem and stem plating, etc. (p & s) being dealt with at the first opportunity, and to (15 fathoms of chain cable being supplied).

PERIODICAL SPECIAL SURVEY (C) became due 6.49.

In a letter dated 7.9.49 the GENOA Surveyors enclose one from the Owners, stating that it is not their intention to maintain this vessel's class with two Classification Societies, and as they are compelled to class her with the Registro Italiano, they have decided, with regret, to withdraw the vessel's class from this Society.

When the Rules as regards surveys on the hull and machinery have not been complied with, and the ship thereby is not entitled to retain her class in the Register Book the class will be expunged with a red line, under which the date of such deletion will be recorded (extract from General Regulations).

This is submitted for the consideration of the COMMITTEE.

The vessel's name should also be deleted from the Refrigerating Machinery section of the Register Book.
