

S. S. "MONTILLA".

The Owners of the above vessel, the Blue Star Line, have telephoned to say that they have only received this morning from the builders of the vessel, Messrs. Russell & Co., the Refrigerating Certificate which was issued on the 15th instant. The vessel has already left for the River Plate and is now some days out, and they request that a cablegram be sent to the Society's Surveyors at Buenos Ayres, at their expense, intimating that the Refrigerating Certificate has been granted and that everything is in order.
