

WARSHIP PRODUCTION SUPERINTENDENT
(SOUTHERN AREA)

Admiralty Offices, 3rd. Floor,
Port of London Authority Building,
Trinity Square, E.C. 3.

3rd April, 1951.

REF: AEH/JEF/461/51

RECEIVED

- 4 APR 1951

Messrs. Lloyds Register of Shipping,
71, Fenchurch Street,
LONDON, E.C. 3.

Ansd.....

Gentlemen,

V.I.C. 63

With reference to your letter of 16th February 1951, addressed to the Senior Officer Reserve Fleet, Harwich, in connection with the Screw Shaft Survey of the above lighter it is anticipated that the vessel will be slipped during the next three weeks.

Instructions from Admiralty indicate that the Screw-shaft and special surveys are not to be carried out on this occasion. It is presumed, therefore, that you will communicate direct with the Admiralty regarding the vessel's continued Classification.

Yours faithfully,

A. E. Meadon

for Warship Production Superintendent
Southern Area
