 Ireland. — 2,46.

Surveys due..... Special Survey due 2,50. *Last dry docking*
 Screwshaft Survey due 2,49. *2.46*

Proposed to be held.....

Remarks..... Action has been deferred from time to time and in September last the Committee deferred consideration respecting the above surveys until the end of last year. In the absence of any information to the effect that the inspections in question were being dealt with a further communication was addressed to the Owners who now state that they are unable to give a date as to when the Screwshaft Survey will be carried out. They add that they have asked the Warship Production Superintendent, Southern Area, to advise this Office as soon as slipping can be arranged.

Chief Surveyors' recommendations..... *Submitted action be deferred for say one month*
