Re: H.9/2/50/61

Dear Sir,

VEB 63 - SCREWSHAFT SURVEY

With reference to your letter dated 5th January, 1951, no firm date for the Screws Shaft Survey can be given but it is anticipated that VEB 63 will be slipped this year.

A copy of your letter has been forwarded to the Warship Production Superintendent, Southern Area with a request that he will inform you when slipping has been arranged.

VEB 63 continues to be used as a Sub lighter.

Yours faithfully,
