Dear Sir,

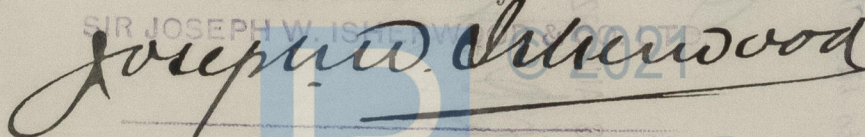

Ansaldo's M/S "ARDOR" - No. 206.

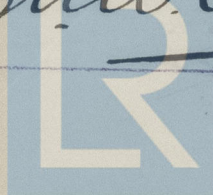

We have to acknowledge receipt of your letter of the 16th instant, in which you advise that the shell connections of the side transverses as fitted in the above vessel are formed of angles 150 x 90 x 12 m/m and 90 x 90 x 11 m/m, instead of angles 150 x 150 x 11.5 m/m and 90 x 90 x 11 m/m, as approved.

It is further noted that you have requested your Surveyors at Genoa to explain the reason for the above, and we are much obliged to you for keeping us advised in this matter.

We are, Dear Sir,

Yours faithfully

SIR JOSEPH W. ISHERWOOD, BT.
