

Steel S.S. "CERRO GORDO", No. 18180 in Register Book; 2347 tons gross; built at Duluth, Min., in 1919, and never classed with this Society. Owners:- United States Shipping Board.

Dimensions:- 251.0' x 43.5' x 24.2'

It is noted from a Return received from the Society's Surveyor at Newport News that the vessel is under survey at that port for classification with this Society.

It is submitted the New York Office be informed that it is concluded the survey has been undertaken with Mr. French's authority, and that plans of the Hull and Machinery of the vessel have been in the first place submitted to their Office, in order that it may be seen for what class the vessel could be considered eligible.
