27th September, 1906.

Sir,

S.S. "BERNE".

I am in receipt of your letter of the 26th instant enclosing one from the Shipwright Surveyor to the Board of Trade giving particulars of the tonnages assigned to this vessel, from which it would appear that the account proposed to be rendered by you for the Special Survey of the hull during construction is correct. The account in question is therefore returned herewith in order that it may be rendered by you to the Builders of the vessel.

I am, Sir,

Your obedient Servant,

Secretary.

Mr. John Macwilliam,
