Received from Chief Ship Surveyor _____

VESSEL'S NAME S.S. "Berne" Rpt. Sub. No. 2538

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey First entry

It is submitted that before this case receives the consideration of the Committee the Glasgow Surveyors should be informed that this vessel is proceeding to their port for the purpose of being fitted with her machinery. They should be requested to see that the engine and boiler casings are satisfactorily completed after the machinery has been fitted on board and to report upon the same on form No.8 for the information of the Committee with a view to the classification of the vessel.
