1 Enc.

22nd., October, 1906.

Sir,

E.

I have to send herewith the report of the electric lighting installation of the new S.S. "BERNE" built by The Dublin Dockyard Co., and engined at your Port, and have to inform you that the Dublin Surveyor, through whom the report has been received, states that it has been sent him in error as he understands that the installation was completed at your Port.

In these circumstances I shall be glad if you will get the local Surveyor to complete the report, and state under the heading "General Remarks;" whether the installation is satisfactory and in accordance with the Rules.

I am, Sir,

Your obedient Servant,

Secretary.

T.J. Dodd Esq.,

GLASGOW.
