Dear Sir,

"SENAI"

We have to acknowledge receipt of your letter of the 3rd February, 1950, regarding the equipment of the above named vessel, and its sister ships.

From your letter, it would appear that the equipment reported by Mr. Millar at the time of the Special Survey was in order and that the statement in your Classing Letter of the 28th December to the effect that the vessel was short of one bower anchor and 30 fathoms of chain cable was incorrect.

Before informing the Owners of your reply, we shall be glad if you will confirm that our interpretation of your latest letter on the subject is correct.

Yours faithfully,

John Hormald
FOR THE SURVEYORS.

The Secretary,
LONDON.
