Steel Screw Ketch "GRAFFOE"; No. 58061 in the Register Book;
202 tons gross; Built in 1919-2 mo. Classed #100A1 Stm Trawler. /0

pp
Owner:- R. Martin.

The First Special Survey No. 2 became due on the Trawler "GRAFFOE" in February 1927 and on the Trawler "ELLOE" in March 1927, and these inspections have been partly held.

In February last the Classing Committee deferred action in each case, subject to the Special Surveys being completed as soon as possible, in any case not later than the end of the present month.

This arrangement, however, has not been carried into effect in either case, as the Owner now states that, for reasons of economy, he has decided not to maintain their classes in the Society's Register Book, and in the circumstances the Classing Committee, who had the cases again before them on Tuesday, the 24th instant, decided to give instructions for the class of each vessel to be expunged from the Register Book with a red line (7.28.), indicating non-compliance with the Society's Rules, and the Owner has been informed accordingly.

J.H.
